

The Hayling Ferry offers ferry passes to help Ukrainian refugees

The Hayling Ferry has teamed up with **Hayling helps Ukraine** to donate ferry passes for Ukrainian refugees staying on Hayling Island.

Community group **Hayling helps Ukraine** has also set up **Hayling bikes for Ukraine** which refurbishes donated bicycles. Travel around the area posed a major challenge for the refugees, so the collaboration between the Hayling Ferry and Hayling Bikes for Ukraine produces a comprehensive travel solution.

Colin Hill, the skipper of the Hayling Ferry, said: *'When you see on TV what Ukrainian refugees have been through, how can you not help out?'*

Paul Gray, the founder of Hayling Helps Ukraine, said: *'We are extremely grateful to Colin Hill and all the Hayling Ferry team. Colin has got a heart of gold and didn't hesitate to get involved when asked if there was anything the Ferry could do. Combining Ferry travel with the bike restoration scheme is a real game-changer for our new Ukrainian friends.'*
